Doing their temple work -

1. Searching for dates and places, saving info: written or images.
2. Entering info and sources into familysearch.org/tree.
3. Reserving names and printing requests.
4. Taking their names to the temple.

To save time and avoid duplicating our efforts, here are

- A. **PDF lists** for temple goers - who needs which ordinances and who has them already reserved.
- B. **PDF lists** for searchers - information already found and where to go next.
- C. **Helps list**: a few hints for where-to and how-to do stuff.

He had a wife and children, his wife needs sealing to her parents. His daughter needs sources added from record hints on her page (top right) , a husband? found.

5 record hints on his page (upper right).

Death record below is confusing, not the same birth date as here > so maybe it isn't the right death date for our John Jr. Have they confused the jr and sr Johns?
